

REMARKS

The specification and claims have been carefully reviewed in the light of the Examiner's restriction requirement set forth in the Office Action mailed November 16, 2004.

Reconsideration and withdrawal of the requirement of restriction is respectfully requested. The Examiner has required applicant to elect for prosecution:

- Group I, claims 1-12, drawn to a method of treatment, classified in class 514;
- Group II, claim 13, classified in class 544, subclass various;
- Group III, claims 22-24, classified in class 424, subclass 49+;
- Group IV, claims 25-27, classified in class 424, subclass various;
- Group V, claims 28-33, classified in class 426, subclass various.

While the requirement of restriction is traversed, and reconsideration requested, in the interest of progressing the prosecution of this case to issue without delay, Applicants have elected Group II, claims 13-21. Claims 1-12 and 22-33 have been withdrawn, without prejudice. As required, Applicants have elected the compound 3 of Example 4 to be examined for search purposes.

Respectfully submitted,
